

business grade SIP trunking

critical information summary for your 4 channel SIP trunk plan

Information about the Service

Here's a quick summary of all the important bits about your plan.

It covers things like how much you need to pay each month.

In order to access the Service, you will need a dedicated fixed line broadband Internet connection, such as ADSL 2+.

You will need an Internet connection to access this service and may need extra hardware depending on your requirements e.g. router and switches.

We recommend that the service be accessed with hardware supplied or approved by us, using an nbn or ADSL2 broadband connection or SHDSL service supplied by us to our specifications.

Other Information

Directory Listing

If you don't want your name, address or phone number printed in the White Pages® or any other directory product, you can opt for no directory listing.

Equipment

An IP telephone handset (or soft phone) is required in order to use this plan. This is not included in the plan. We recommend purchasing an approved IP handset from More Telecom. This will be supplied pre-configured and will allow it to be managed remotely. If you choose to use an un-approved IP handset it is not possible to guarantee quality of service.

Billing

We will bill you in advance for the minimum monthly charge and features. Your first bill will include charges for part of the month from when you took up your plan until the end of that billing cycle, as well as the minimum monthly charge in advance for the next billing cycle.
