

Critical Information Summary for your NBN™ Ultimate Business Plan

Information about the Service

SERVICE DESCRIPTION

The More Telecom NBN™ Ultimate Business Plan is an internet service provided over the National Broadband Network (NBN™) and is available in NBN™ enabled areas. It includes 4G mobile data backup and an upgraded managed router.

HARDWARE REQUIREMENT

You will require an NBN compatible modem/router for this service. An upgraded modem is included as part of this plan

KEY DETAILS

This service is provided on a 24 month contract.

Your NBN™ Ultimate plan includes XL or XXL speed plans. These have a typical business hours (9am – 5pm) download speed of 44Mbps and 88Mbps respectively.

4G Data Backup is included as part of this plan.

*Interface speeds refer to the speed of the technology installed at your premises. They are not necessarily equivalent to the download/upload speeds you will achieve in practice. Actual download and upload speeds will be affected by many external factors which include the number of end-users using the service at the same time, the hardware, the software and software configuration, the connection method within the premises and the type/source of content being downloaded.

In the case of NBN connections delivered using FTTN (fibre to the node) technology the distance you are from the node will affect maximum available speeds.

STANDARD INSTALLATION REQUIREMENTS

Standard Installation is included with your plan and is provided to the first telephone point in your premises. A 240 volt power supply is required and you must ensure such a power supply is available. In the event of a power outage, your services will not work unless you maintain a back-up battery. If you take up an NBN service, you will not be able to move back to a copper service.

Information about pricing

MONTHLY CHARGE, MINIMUM CHARGE AND UNIT PRICING

Plan	XL Ultimate	XXL Ultimate
Typical Business Hours Speed	44Mbps	88Mbps
Monthly Charge	\$109.95	\$139.95
Postage & Handling Charge	\$14.95	\$14.95
One Off Config. Charge	\$99.00	\$99.00
Contract Term	24 months	24 months
Minimum Charge	\$2,752.75	\$3,472.75

INSTALLATION CHARGES

Standard installation is included at no charge with this plan. If a non-standard installation is necessary, additional charges may apply.

If NBN Co deem your property to be a new development, the NBN New Development charge of \$300 inc GST will apply.

PLAN CHANGE FEES

No charges apply to increase or decrease your monthly included data allowance. A one-off fee of \$25 applies each time you wish to increase or decrease your NBN speed.

4G DATA BACKUP CHARGES

1Gb of 4G mobile data is included in the monthly plan price. If additional data is required during an NBN outage, this is charged at \$10/Gb. A maximum of 5 automatic data top ups will be applied if required. After this, additional backup data can be added manually by our support team.

MODEM CHARGE

An upgraded NBN ready modem is provided free of charge on this plan. A postage and handling charge of \$14.95 applies per device.

EARLY TERMINATION CHARGE

If you cancel the service within the 24 month contract term, Early Termination Fees (ETF) will apply. The ETF is \$220 per NBN service.

The NBN modem that is provided as part of this plan must be returned to More Telecom. A \$350.00 charge will apply if the upgraded modem is not returned within 30 days of your service being cancelled.

Other Information

USAGE INFORMATION

You can monitor your usage at <http://www.moretelecom.com.au> > My Account or by calling us on 1800 733 368

SERVICE DETAILS

This More Telecom NBN™ service is provided using the NBN Co. network. More Telecom is responsible for the service to you (the Consumer) and is not affiliated or related to NBN Co.

BILLING

We will bill you in advance for the minimum monthly charge and features. Your first bill will include charges for part of the month from when you took up your plan until the end of that billing cycle, as well as the minimum monthly charge in advance for the next billing cycle. It is free to receive your monthly bill via email. A print bill charge of \$2.95 applies to printed bills.

IMPORTANT: Billing for your NBN service will commence from the day that the NBN activation is completed by NBN™. Please note that this is not when you plug in the modem and get online. As such we urge you to start using the service as soon as you can as charges will have already commenced.

BROADBAND SPEEDS

Actual speeds you will receive will vary due to a number of factors such the number of end-users using the service at the same time, the hardware, the software and software configuration, the connection method within the premises and the type/source of content being downloaded. We offer

4G DATA COVERAGE

Telstra mobile coverage is used to provide 4G data backup in case there is ever a problem or outage with the NBN network. This service is reliant on Telstra mobile coverage being available at your premises. Please see www.moretelecom.com.au/mobile to check the coverage.

WE ARE HERE TO HELP

If you have any questions, just call us on 1800 733 368 so we can serve you better. Or you can visit us at www.moretelecom.com.au for additional information, including to access information about your usage of the service.
